Tiffindell is a fully-quipped winter snow resort with state-of-the-art snowmaking and grooming equipment, ski lifts, the highest restaurant in the country, ski shop, ski school, conference facility and accommodation for over 150 guests. The resort offers 3 months of skiing each year — during June, July and August by way of natural and man-made snow.

Non-skiers may come and simply enjoy a uniquely South-African snow experience, making snow men, throwing snowballs, snow hiking or tobogganing down "Bum-board Alley".

Tiffindell offers slope lengths of around 1.3km in total, descending from the highest peak in the Cape Province. There is a beginner's slope and two main slopes — a blue run with a red run next to it — and two "button" lifts will take you back up the mountain.

Our local and international instructors are experienced, and will have you up on your skis or snowboard in no time, whether you are aged 6 or 60.

All accommodation at Tiffindell is situated within 100m of the slopes and has central heating. There are a range of accommodation options to suit your group size and budget, so get a group together and enjoy a holiday of a lifetime. Book early for school holidays - skiing is the best holiday a family can have.

Tiffindell hosts SA Children's Champs the SA Masters National Champs, as well as the FIS SA National Champs — (the first ever held on the African continent). Call us to enquire about hosting your conference or teambuilding with Tiffindell.
