3. “Budget-related policy” means a policy of a municipality affecting or affected by the annual budget of the municipality.
4. “Chief Financial Officer” means a person designated in terms of the MFMA who performs such budgeting, and other duties as may in terms of section 79 of the MFMA be delegated by the accounting officer to the chief financial officer.
5. “Capital Budget” This is the estimated amount for capital items in a given fiscal period. Capital items are fixed assets such as facilities and equipment, the cost of which is normally written off over a number of fiscal periods.
6. “Council” means the council of a municipality referred to in section 18 of the municipal Structures Act.
7. “Financial year” means a 12-month year ending on 30 June.
8. “Line Item” means an appropriation that is itemized on a separate line in a budget adopted with the idea of greater control over expenditure.
9. “Operating Budget” The Town's financial plan, which outlines proposed expenditures for the coming financial year and estimates the revenues, used to finance them.

11. “Service Delivery and Budget Implementation Plan” means a detailed plan approved by the mayor of a municipality in terms of section 53(1) (c) (ii) of the MFMA for implementing the municipality's delivery of municipal services and its annual budget.

14. “Project Segment” The Project Segment provides for the setting-up of operational and capital projects by linking the IDP to the budget, proving in-time management information on project performance and spending against budget, and reporting on project funding. All activities of the municipality would therefore need to be aligned to “Projects” including institutional costs associated with the functioning of the municipality such as administrative and staff; this enables planning and budgeting at a project level
